Summer Bulletin

July 24th, 1961 #4

Published by the Students' Administrative Council, University of Toronto.

DAVID DUNLAP OBSERVATORY

A trip into outer space is scheduled for Tuesday, July 25th, from the safe vantage point of the famous observatory in Richmond Hill, which has the fifth largest telescope in the world. Even if the weather does not co-operate in giving us a peek at the moon, we can see how the big telescope works and many other interesting things.
Time: 8:30 - 10:00 p.m. See Mrs. Deane re transportation.

PRESIDENT'S LECTURES

The last speaker in the President's Lectures series is Mr. Pierre Berton, the well known columnist of the Star. His topic is "Whither the Press and Periodicals?" Come to Convocation Hall at 12:00 noon on Wednesday July 26th.
Note - Lectures have been cancelled from 11.30 to 1.30.

PIRATES OF PENZANCE

The train leaves the Union Station at 4.30 p.m. on Thursday July 27. Be sure to pick up your tickets at the SAC office on Wednesday afternoon.

DANCE & SPLASH PARTY

Another evening affair will be held in Hart House in co-operation with OCE. Jim McDonald's Orchestra will be in attendance as before. Your stamped A.T.L. or O.C.E. card will be your pass. If you wish to bring a guest (free of charge) see Mrs. Deane for tickets. Instructors are welcome too, of course. The "Do" lasts from 9:00 - 12:00 p.m. on Thursday July 27th.

RED CROSS

Friday the 28th is your day to do a good deed. The Red Cross urgently needs your help during the summer months to build up its Blood Bank as so many donors are away on Holidays. Civic Holiday looms large as a time of need. A clinic is being set up in the Debates Room, immediately above the Information Centre (not the East Common Room as previously stated) and you are urged to go without appointment any time from 9:00 - 11:00 or 12:15 - 4:00. The Winter students gave the Blood Bank their full support- let's see what the summer students can do! Remember the 28!

LOVE'S LABOUR'S LOST

Last call to sign up for tickets for the August 4th performance is Friday, July 28th.
